PROTECTA®

Protecta Flute Temporary Ceiling Tile

✓ Pre-Cut Standard Size ✓ Lightweight ✓ Reusable

Protecta-Flute Temporary Ceiling Tiles fit into standard suspended ceiling grid to create a ceiling during fit out or construction works.

Key Benefits:

- Allows the permanent pre-finished ceiling tiles (which can be easily damaged, marked or impregnated with dust) to be installed in the final stages of the project
- Stops the spread of dust up into the ceiling void or down into a finished or occupied area.
- Temporary ceiling tiles can be fixed to if required
- Create a temporary ceiling for site accommodation or amenities
- Easy to wipe down and clean
- Cost effective & reusable
- Can also be used for signage or product separators
