

PROTECTA®

Protecta Breathe Cover

✓ Breathable

✓ Slip Resistant

✓ Tough & Durable

Easy to lay and cut to size, this material provides excellent dust-resistant protection for cured, sealed, or coated floors that need to breathe or release vapour

Key Benefits:

- Breathable
- Tough and durable
- Slip resistant
- Easy to lay and cut to size

Main Applications:

- Breathable solution for carpet laid using adhesives
- Use as protective underlay under hard surface protection board for added protection in heavy use environments
- Also used for hard floors sealed with epoxy, varnish or other sealers
- Flame Resistant (FR) option for visual screening above hoardings or in conjunction with the ZipWall® system

Important Information:

Taping of joins of breathable floor protection could create marking or cure lines on the finished floor

Temporary surface protection is designed to protect surfaces from superficial damage. Users should ensure that the substrate can take the weight of any equipment or materials being used regardless of protection being in place.

Code	Dimensions	Colour
BPF161	1.6m x 100m roll	White
BPF325	3.2m x 50m roll	White - FR
