

PROTECTA®

Protecta Board XTRA 5mm

✓ High Crush Resistance

✓ Dual Protection

✓ P4 Anti-Slip Rating

A high impact protection board that effectively safeguards most floors and delicate surfaces from heavy equipment, debris, and foot traffic

Key Benefits:

- Anti-Slip (P4 rating) and Water Resistant
- Industry leading compressive strength (8.9t/100mm²) before compressing, and not being able to be re-used*.
- Fire rated*
- 100% polypropylene – extremely tough board and easier to recycle
- Bonded felt underlay - Xtra protection for delicate surfaces like lift interiors
- 12 month UV protection

*see website for test reports

Main Applications:

- Tile, stone, vinyl or timber floors
- Most indoor and outdoor surfaces
- Delicate surfaces like marble and lift interiors

Code	Dimensions	GSM
PBX225-GN	2.2m x 1.2m x 5mm Sheet - Green	1500gsm

Temporary surface protection is designed to protect surfaces from superficial damage. Users should ensure that the substrate can take the weight of any equipment or materials being used regardless of protection being in place.
