PROTECTA®

Protecta Edge Foam Profiles

Easy to Install | Reusable | Says in Place

Simple to install foam edge protectors that are preformed and come in a range of shapes and sizes to maximise protection for all types of exposed edges.

Key Benefits:

- Flexible and durable
- Excellent impact protection - against scratches and dents
- Stays in place - no tape or adhesive required
- Saves cleaning and repair costs.

Main Applications:

- Vulnerable edges on job sites including marble, timber, glass, benchtops, cabinetry and handrails.
