PROTECTA®

Protecta Guard

✓ UV Stabilised ✓ Reusable ✓ Stays in place

Simple to install foam edge protectors that stay in place, made to maximise protection for all types of exposed edges.

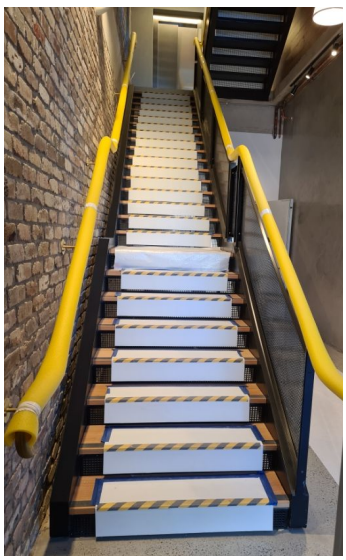

Key Benefits:

- Highly visible
- Excellent impact protection against scratches and dents
- No need for adhesives - saves cleaning costs
- UV Stabilised- great for outdoor use

Main Applications:

- Doors and door jambs
- Handrails and balustrades
- Sills and thresholds
- Finished/sensitive edges
- Pillars and columns
- Protect people from hazards (i.e. scaffolding).
