

PROTECTA®

HoardFast

Freestanding

✓ Quick And Easy To Install

✓ Cost Effective

✓ Durable And Reusable

HoardFast is an innovative system incorporating prefinished panels and tracking for quickly creating temporary or permanent walling in freestanding or floor to ceiling applications.

Key Benefits:

- Quick to install system with durable PVC panels
- Easy to set up & reusable
- Very stable design with support post and base weight
- Compact space saving design allowing for maximum useable floor area in the work zone without the intrusion of bracing
- Complete with single and double door units and window options
- Corner section and panel joiners and tracking connected without fixings
- Panels can be installed horizontally to create a 1.2m high free-standing barrier
- Easy to clean panels makes the system comply with the highest hygienic requirements
- High gloss finish repels graffiti
- Can be used in both internal and external applications*

*Speak with your Protecta representative for more information regarding external use.

HOARDFAST FREE STANDING SYSTEM

Engineered, Tested & Certified to Australian Standard AS4687-2022

- ✓ Impact Tested
- ✓ Climbing Overturning Tested
- ✓ Nail Penetration Tested

HoardFast

Main Uses & Applications:

- Separate active work areas from public or occupied areas
- Acoustic enclosures, cutting rooms, temporary enclosures, and site amenities
- Dividing work zones from trading areas in supermarkets and shopping centres in many project situations
- Segregation screens in a broad scope of applications including functions and events
- Use in conjunction with the ZipWall® system for an effective floor to ceiling dust seal with the security and privacy benefit of a solid hoarding up to eye level (see image bottom right)
- Create temporary access tunnels
- Site Segregation hoardings for short and long term projects
- Temporary or permanent offices

Hoardings must be installed in accordance with Protecta installation instructions

We offer a complimentary hoarding take-off, design and quoting service.

Contact us on 1300 88 12 32 or sales@protecta.com.au to discuss your requirements or submit project information.

HoardFast – System Components

HoardFast Panels

Code	Description
HPPI20-225	2.25m X 1.2m X 35mm - Gloss white PVC
