PROTECTA®

Protecta Board XTRA-Felt Backed

✓ High Crush Resistance

✓ Extreme Protection

✓ P4 Anti-Slip Rating

A high impact protection board that effectively safeguards most floors and delicate surfaces from heavy equipment, debris, and foot traffic

Key Benefits:

- Anti-Slip* (P4 rating)
- Industry leading compressive strength (12.6t/100mm^2)*.
- Extremely tough board
- Recyclable and reusable
- Bonded felt underlay - Xtra protection for delicate surfaces like lift interiors
- 12 month UV Stabilised

*see website for test reports

Main Applications:

- Tile, stone, vinyl, concrete or timber floors
- Most indoor and outdoor surfaces
- Delicate surfaces like marble and lift interiors
- Protects concrete and brick paving from skip bins, construction machinery, and other heavy loads
- Durable roof protection solution
- Industrial Shears (IS904) make it easy to cut

Code	Dimensions	GSM
PBX228-Y	2.2m x 1.2m x 8.5mm Sheet - Yellow	2150gsm

Temporary surface protection is designed to protect surfaces from superficial damage. Users should ensure that the substrate can take the weight of any equipment or materials being used regardless of protection being in place.

Available loose or packs of 5
