

PROTECTA®

Protecta Fleece

- ✓ Quick And Easy To Install
- ✓ Stay in Place
- ✓ Anti-Slip and water resistant

This efficient roll out solution is durable and water resistant, making it ideal for protecting most types of floors and surfaces, including stairs

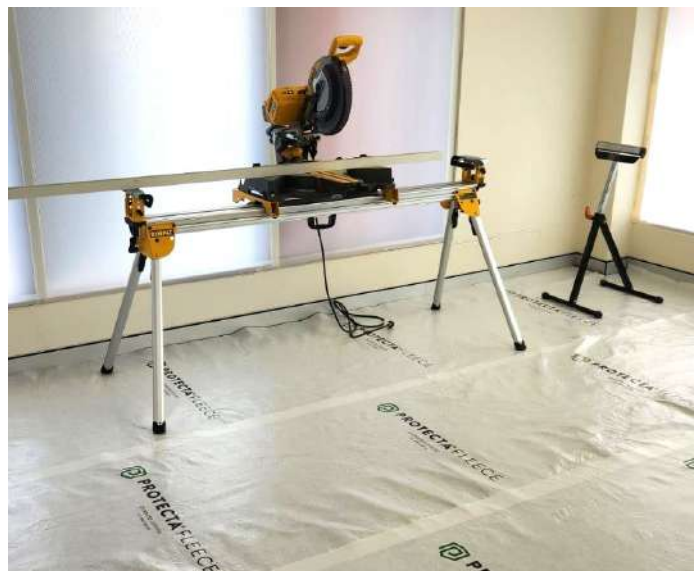

Key Benefits:

- Practical rolls – easy to transport, handle and install
- Excellent stair protection
- Low tack adhesive backing – stays in place and reduces trip hazards.
- Anti-slip technology – textured surface further prevents slip hazards
- Soft fleece material – prevents abrasions from dirt or grit

Main Applications:

- Multi-functional low tack adhesive protection material suitable for most surfaces including timber floors, vinyl, tiles and carpet
- Can also be used as a soft underlay with heavier rigid protection boards like MDF

Code	Dimensions	Colour
PFL1050	1m x 50m roll	White

Temporary surface protection is designed to protect surfaces from superficial damage. Users should ensure that the substrate can take the weight of any equipment or materials being used regardless of protection being in place.
