

PROTECTA®

Premium Overshoe Cover Applicator

✓ Hands Free

✓ Reusable

✓ No Power Required

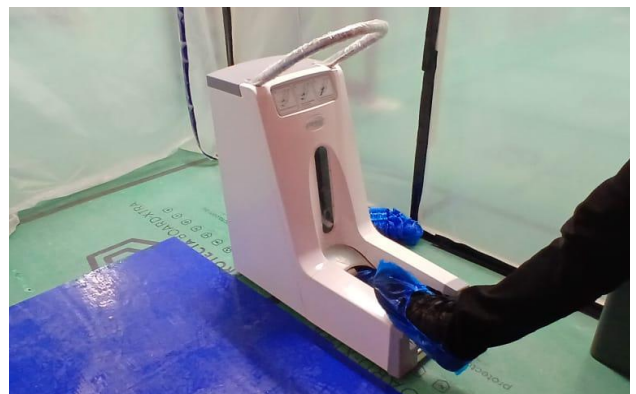

Designed for easy, hands-free use. The Premium Overshoe Cover Applicator ensures that dirt, dust, and debris stay out of sensitive environments.

Key Benefits:

- Saves up to 25 seconds per application and supports Work Health and Safety (WHS)
- Helps maintain a clean work environment by reducing the spread of dirt, dust, and debris across different areas, particularly in clean or sensitive zones
- Faster, easier, hands free application
- Reusable
- No power required

Main Applications:

- Prevent the spread of dirt, dust and contamination.
- Data centres and hospitals.
