

PROTECTA®

# Rhino Bubble Foam Weave

✓ Multi-layered protection

✓ Tough and Durable

✓ Easy to Apply

A durable triple layered protection solution that is easy to roll out and tape down.

### Key Benefits:

- Three layers - laminated woven top, bubble middle and a polyfoam underside
- Excellent impact protection - cushioning and scratch protection for sensitive finishes
- Water resistant
- Flame resistant

### Main Applications:

- Sensitive delicate and porous surfaces
- Tiles, stone and marble
- Concrete
- Vinyl
- Polished floors
- Timber, laminates, joinery and benchtops

### Important Information

Apply Edge Tape (ET-100) directly to a smooth surface, place Protecta Bubble Foam Weave on top and secure in place with a high strength tape such as Protecta Sheet Tape (PST48) or Protecta Cloth Tape (CT48-B).

Code	Dimensions	Colour
RBFW155	1.5m x 50m	Green

Temporary surface protection is designed to protect surfaces from superficial damage. Users should ensure that the substrate can take the weight of any equipment or materials being used regardless of protection being in place.
